# EG 6500CXS

## DESCRIPTION

The EG6500CXS comes equipped with the legendary, easy-starting, powerful and reliable Honda GX series OHV, commercial-grade engine.

Single phase generator set with 4 stroke engine coupled on a single phase 2 pole alternator 100% copper. Equipped with Voltage regulator AVR to automatically maintain a constant voltage level.

## SPECIFICATION

|                           |                                    |
|---------------------------|------------------------------------|
| Type / Category           | Petrol Generator                   |
| Engine                    | GX390                              |
| Displacement (cc)         | 389 cm <sup>3</sup>                |
| Rated Output (Kw)         | 5.0 kVA                            |
| Max Output (Kw)           | 5.5 kVA                            |
| Voltage (V)               | 220                                |
| Frequency (Hz)            | 50                                 |
| Starting System           | Recoil and Electric                |
| Fuel Tank Capacity (L)    | 24                                 |
| Voltage Regulation System | Automatic Voltage Regulation (AVR) |
| Noise level               | 72dB(A) @7M                        |
| Oil capacity (L)          | 1.1                                |
| Running Time              | 8.1Hours                           |
| Weight                    | 87 kg                              |
