HD 6/15M ST

DESCRIPTION

The newly developed 3-piston axial pump with hardened stainless steel pistons is the core of our powerful HD 6/15 M St motor/pump unit with AC motor. It provides up to 20% higher energy efficiency and cleaning performance, guarantees a long service life and effortlessly ensures a working pressure of 150 bar.

In order to protect the pump, a water fine filter is integrated which reliably removes dirt particles from the reclaim water thus increasing the service life of the machine.

Perfect for building contractors, service bays and building service providers.
