HD 8/23G CLASSIC

DESCRIPTION

The petrol-driven cold water high-pressure cleaner is fitted with a Honda petrol engine, allowing total independence from external power sources.

With a power of 150 bar pressure, the HD 7/15 G from the Gasoline Advanced range guarantees the best cleaning results at all times. The petrol-driven cold water high-pressure cleaner is fitted with a Honda petrol engine, allowing total independence from external power sources. Additionally, the machine is able to suck up water from lakes or ponds and use it for cleaning.

The machine is ideal for Construction industry (facade cleaning, cleaning construction vehicles and equipment), Agriculture (cleaning vehicles and equipment or for use in forestry), Industry (cleaning of equipment), Service providers (cleaning outside areas e.g. squares and car parks)
