## DESCRIPTION

The Larius Jolley Unit is an “electric piston pump” used for high pressure painting without air. The pump is controlled by an electric motor coupled with a reduction gear. The piston movement produces a vacuum, the product is sucked, pushed towards the pump outlet and then sent to the gun through the flexible hose. A safety valve avoiding over pressure, guarantees the total reliability of the equipment.

## SPECIFICATION

Type / Category	Airless Paint Sprayer
Classification	Electric Piston Pump
Gun Nozzle Dimension	0,019"
Material Outlet	M16 x 1,5 (M)
Max Delivery	1,8 L/min
Motor Power	0.65 Kw
Max Working Pressure	210 bar
Motordrive Supply	min 4 Kw
Sound Pressure Level	≤ 80dB(A)
Voltage	230Vac - 50Hz/ Single phase
Weight	15 Kg
