DESCRIPTION

The SG 4/4 is a compact and robust steam cleaner, which thanks to 4 bar steam pressure impresses with excellent cleaning performance and certified disinfection*. The infinitely variable steam quantity control and the VapoHydro function for the infinitely variable control of the steam saturation allow a perfect adaptation of the machine to the respective cleaning task.

The machine has an integrated temperature indicator, works entirely without chemical additives and is universal. The comprehensive equipment package includes 2 floor nozzles (for abrasive and hygienic cleaning).
