TS-35A(E)

DESCRIPTION

TS-35A(E) Thermal Foggers are made of the best materials, such as using high-grade stainless steel chemical/ fuel tank, fog tube and resonator, cooling jacket and protective shield, to guarantee reliability in daily application and long-durability of the equipment.

All seals, gaskets, and diaphragm in contact with chemical solution are made of Teflon and Viton, we use anti-corrosive material, such as Teflon, Viton to guarantee long life use.

No spark plug ignition, quick start-up, less maintenance.

Equipped with a precision regulating valve to adjust flow rate, no need to install a different diameter nozzle for control flow rate.

SPECIFICATION

Type / Category	Fogging Machines
Chemical Tank Capacity	5 L
Performance of combustion Chamber	18.6 Kw / 25.2 Hp
Fuel Consumption	1.5 L/h
Fuel Tank Capacity	1.5L
Solution Output	8-44L/h
Weight (empty)	7.9 kg
Battery Electricity	4×1.5V
